

## Ulceration

### Ulcerate

Hellspawned flames caress the flesh of the untainted  
The distressed pray to the lord of lacerated sight  
Watching their bleeding eye sockets cry  
Brethren of assassination begin rites of damnation

Screams of the enfeebled  
Echo throughout rebellious lands  
As they struggle against spiritual execution  
Soon to fall under the rule of the strongest will

Exhausted is the sun

Exiled to languished fields  
Harvested is the dying  
Heretical legions kneel  
Before their master  
Rise the sons of banishment - assault
