

Apartment Girl

Ulrik Munther

I wonder if she minds
The girl who lives in the apartment right across mine
She doesn't know she makes me smile
Every time she gets home, takes off her clothes and jumps in the shower

She doesn't know I watch her almost every night
The girl in the apartment right across mine
Mmm, mmm, mmm, right across mine

I see her when she eats
Sometimes she cooks but mostly home deliveries
I see her turn on the TV
Flick through the channels for a while and fall asleep

She doesn't see me standing on my balcony
Watching her every move like the police
Mmm, mmm, mmm, like the police

I think I know her pretty well
She likes to dance but only when she's by herself
I think she likes to be alone
As do I, but only when I look at you

You don't know me and you probably never will do
So I'll just keep on watching over you (I'll be watching over you)

Mmm, mmm, mmm, mmm mmm mmm
Mmm, mmm, mmm, mmm mmm, mmm mmm mmm
Mmm, mmm, mmm, mmm mmm mmm
Mmm mmm
