

Say Goodbye

Ulrik Munther

You used to call me
Everyday on your lunch break
If it was important
Ask my opinion
About almost everything
I was important

And you were my closest friend
And I was your confidence
We talked things out until they made sense
Oh, it's been some time since then

I've got something on my mind
Lately I've been feeling
Like you don't believe in us no more
And these clouds have gathered for awhile
So tell me what you're thinking
Is this where we say goodbye

I used to text you
Let you know you're on my mind
Even at parties like all the time
We used to be fighting
About almost everything
But now it's quiet
You just let me win

Remember when we first met
I tried playing hard to get
But I still ended up in your bed
Oh we were just kids back then

I've got something on my mind
Lately I've been feeling
Like you don't believe in us no more
And these clouds have gathered for awhile
So tell me what you're thinking
Is this where we say goodbye

Oh, should've sold our place and quit our jobs
Bought that house with ivy on it
But we waited, we waited
Like the cover of our tablecloth
The one you got from your grandma
We faded, we faded
It happened right before our eyes
We didn't care to read the signs
We were blind, we were blind

Oh, everything that matters now
Is sitting down to talk it all

And I've got something on my mind
Lately I've been feeling
Like you don't believe in us no more
And these clouds have gathered for awhile

I've got something on my mind
Lately I've been feeling
Like you don't believe in us no more
These clouds have gathered for awhile
So tell me what you're thinking
Is this where we say goodbye
Say goodbye
Say goodbye
Say goodbye
Ooh, ooh, ooh, hm
