

# Careless

Ulrikke

It's on your face  
It's happening  
Just can't hold back  
Always [?] what you're feeling  
Don't [?] now  
It's in the air  
It's just a trend  
Why you care?

Bitching like it's you [?] on  
How can it all be wrong?  
Why you think I wrote this song?  
Move on  
You got absolutely zero chill  
Pop a pill from Dr. Phil  
Running in circles on your treadmill  
Time that you learnt the drill  
Careless  
Don't think about those things making you obsessed  
'Bout stuff you cannot change  
Oh, it's so hopeless  
Such a mess  
I'm not impressed  
Mh-mmh  
You need to care less

Hey, snowflake  
What's happening?  
Just a zero stuck in  
Hate you see you damn caps-lock hero  
In a crowd  
It's all so loud  
It's overshare  
But I don't care

Bitching like it's you [?] on  
How can it all be wrong?  
Why you think I wrote this song?  
Move on  
You got absolutely zero chill  
Pop a pill from Dr. Phil  
Running in circles on your treadmill  
Time that you learnt the drill  
Careless  
Don't think about those things making you obsessed  
'Bout stuff you cannot change  
Oh, it's so hopeless  
Such a mess  
I'm not impressed  
Ooh  
You need to care less  
Ah-ah

Don't matter who's to blame  
We're all stuck in the same old lane  
Just driving ourselves insane  
Oh-oh

We're chasing fame  
Gotta let it go 'cause it's such a shame  
Shit's getting lame  
Oh-oh

Careless  
Don't think about those things making you obsessed  
'Bout stuff you cannot change  
Oh it's so hopeless  
Such a mess  
I'm not impressed  
Ooh  
You need to care less
