

Cry

Ulrikke

I met you on a Friday and you swept me off my feet
Then woke up on a Sunday thinkin' life was so complete
Frozen in a moment, listenin' to Imogen Heap
I looked you in the eyes, there you were rolled up in my sheets

We can't keep on dancin' in slow motion
I don't wanna cause' any commotions
No longer in touch with my emotions
I'm not gonna cry, 'cause we were never meant to be

Cry, cry, cry
Cry for me
'Cause I, I, I
I'm not gonna cry
Cry, cry, cry, cry for me tonight
'Cause I, I, I

I saw you on a Monday, you were walkin' in the street
It was kinda awkward, we we're playin' hide and seek
I'm sure you're gonna tell all of your friends that I'm a freak
But I'll be makin' money off this song 'bout you and me

We can't keep on dancin' in slow motion
I don't wanna cause' any commotion
No longer in touch with my emotions
I'm not gonna cry, it didn't mean a thing

Cry, cry, cry
Cry for me
'Cause I, I, I
I'm not gonna cry
(Cry) Cry, (Cry) cry, (Cry) cry, cry for me tonight
(Cry) 'Cause (Cry) I, (Cry) I, I

You call me up every night, every day (Every day)
I let it ring till the picture of ya goes away (Away)
(Mmm)
You wanted love, but I'm good on my own (On my own)
I'll have drink, and I'm gonna drink it all alone (All alone)

I saw you on a Monday, you were walkin' in the street
It was kinda awkward, we were playin' hide and seek
I'm sure you're gonna tell all of your friends that I'm a freak
But I'll be makin' money off this song 'bout you and me
But I'll be makin' money off this song 'bout you and me
But I'll be makin' money off this song 'bout you and me
