

Feels Like Home

Ulrikke

Same place
Tryna get by
Same face
Tryna fake a smile
Wish I was somewhere else
Damn train
In the am
Grey days
Oh my god, here we go again
Wish I was somewhere else

Now I know that
It's just somebody
That I used to be
I was lost, no, that ain't me
Cause I was...

Fine on the surface
Inside I was broken
Nowhere to call my own
When I'm with you, it feels like home
Losing my purpose
A drop in the ocean
I know where I belong
Now I'm with you, it feels like home
(Home)
When I'm with you, it feels like home

Hard times
Got me moving slow
My life, misaligned
From the get go
No, it wasn't making sense

Now I know that
It's just somebody
That I used to be
I was lost, no, that ain't me
Cause I was...

Fine on the surface
Inside I was broken
Nowhere to call my own
When I'm with you, it feels like home
Losing my purpose
A drop in the ocean
I know where I belong
Now I'm with you, it feels like home
(Home)
When I'm with you, it feels like home

I was lost and I
Didn't know my mind
Left that all behind
And I knew it had to change
Heard you say my name
Took my hand, took my heart, brought me back again...

Fine on the surface
Inside I was broken
Nowhere to call my own
When I'm with you, it feels like home
Losing my purpose
A drop in the ocean
I know where I belong
Now I'm with you, it feels like home
(Home)
When I'm with you, it feels like home
Losing my purpose
A drop in the ocean
I know where I belong
Now I'm with you, it feels like home
