

Spend Christmas With Me

Ulrikke

Been waiting all year long
To sing this Christmas song
Was my December gift for you
Now Santa's almost here
Don't feel no Christmas cheer
I felt so cold I got the flu

I'll stand under the mistletoe
Holding my breath for you

Coz it's Christmas
So why why why you tellin' me
How great this year will be
When you don't want to spend Christmas with me
And I I I I can't believe
I sat here by the tree
You know I'm wishing you would spend Christmas with me

Turn off the lights
Forget the snow
Don't need no presents
If you spend Christmas with me

Been waiting all year long
To hear your Christmas song
You spoke about it all year through
I haven't heard it yet
You changed your mind I bet
I wonder who you sang it too

I'll stand under the mistletoe
Holding my breath for you

Coz it's Christmas
So why why why you tellin' me
How great this year will be
When I'll be on my own this Christmas eve
And I I I I can't believe
I sat here by the tree
You know I'm wishing you would spend Christmas with me

(Christmas with me)
Turn off the lights
(Turn off the lights)
Forget the snow
(Forget the snow)
Don't need no presents
If you spend Christmas with me
(Christmas with me)
Turn of the lights
(Turn of the lights)
Forget the snow
(Forget the snow)
Don't need no presents
If you spend Christmas with me

Coz it's Christmas

So why why why you tellin' me
How great this year will be
When I'll be on my own this Christmas eve
And I I I I can't believe
I sat here by the tree
You know I'm wishing you would spend Christmas with me

Coz it's Christmas
So why why why you tellin' me
How great this year will be
When I'll be on my own this Christmas eve
And I I I I can't believe
I sat here by the tree
You know I'm wishing you would spend Christmas with me

(With me)
Turn off the lights
(Turn off the lights)
Forget the snow
(Forget the snow)
Don't need no presents
If you spend Christmas with me
(Christmas with me)
Turn of the lights
(Turn of the lights)
Forget the snow
(Forget the snow)
Don't need no presents
If you spend Christmas with me
