

## Deeper Love (Missing You)

Ultra Naté

Oh, everyday, I think about you  
To get me started  
Yesterday you did not call, so I'm feeling down  
I know you work and you're busy, but I need some time  
Just a little bit of time  
I'm calling to let you know just how I'm feeling  
Missing you, I need you around, do you still love me?  
What to do to make you see, that I want you now  
Ooh

'Cause you'll never find a deeper love than mine  
No matter what you do, oh  
Oh no, you'll never find a deeper love than mine  
I'm the only one for you  
Missing you, I'm missing you  
Missing you, I'm missing you  
Missing you, I'm missing you  
Missing you, I'm missing you

Anything that you want, you know I've got it  
Both of us work to be never parted  
Tell me what you're gonna do  
'Cause I'm missing you  
And I know you miss me too

'Cause you'll never find a deeper love than mine  
No matter what you do, oh  
Oh no, you'll never find a deeper love than mine  
I'm the only one for you

Missing you, I'm missing you  
Missing you, I'm missing you  
Missing you, I'm missing you  
Missing you, I'm missing you  
Missing you, I'm missing you  
Missing you, I'm missing you

And boy you'll never find, a sweeter love than mine  
Don't you know you'll never  
Boy you'll never find, a sweeter love than mine  
Boy you'll never find, a better love like mine  
(Missing you, I'm missing you)  
(Never find a deeper love than mine)  
(Missing you, I'm missing you)  
You'll never find a love like  
Never find a love, no  
(Never find a deeper love than mine)  
(Missing you, I'm missing you)  
Not a deeper love, a deeper love  
You'll never find a love like  
Never find a love, no  
Not a deeper love, a deeper love  
(Never find a deeper love than mine)  
(Missing you, I'm missing you)  
Not a deeper love  
(Never find a deeper love than mine)  
And boy I'm wishing and I'm missing, yes I'm wishing

(Never find a deeper love than mine)  
Boy I'm wishing and I'm missing and I'm wishing  
(Never find a deeper love than mine)  
Boy I'm missing, yes I'm wishing, boy I'm missing  
(Never find a deeper love than mine)  
I'm wishing on a star  
I'm wishing on a star  
I'm wishing on a star  
(Never find a deeper love than mine)  
I'm wishing on a star
