

# HUMAN BEHAVIOR

Ultra Naté

Time, space  
Ain't no distance between our souls  
You, me  
Bonded in this life's journey

We love each other, or do we hate each other?  
Yeah, we looking different, ain't we all magnificent?

Don't give up on our love  
Don't turn your back on us  
Now ain't the time to fade away (now ain't the time)  
Don't be afraid to fight  
Hold on to me tight (hold on to me tight)  
I will carry you when you're weak (when you're weak)

In your heart, there's a storm, power player  
Human behavior  
In your heart, there's a storm, power player (power player)  
Human behavior

People, together  
Sliding into deeper lies  
Promised and never  
Lose our sense of wrong and right  
Pay attention to what you mention  
Rules like artifacts, broken, torn and cracked

Don't give up on our love, don't turn your back on us  
Now ain't the time to fade away, yeah  
Don't be afraid to fight  
Just hold me tight  
Carry you when you're weak, when you're weak

In your heart, there's a storm (in your heart), power player (power player)  
Human behavior  
(Power player) in your heart
