

Is It Love

Ultra Naté

Is it love when you know he should go
But you ask him to stay?
Is it love when he looks in your eyes
But you can't turn away?

Is it love when he kiss
Seems the moment
You missed in your dreams?
Is it love your heart falls in place
Like a puzzle?
I want to know
Is it love?

Is it love when he see you undress
And you don't seem to care?
Is it love when you don't close your eyes
When he touches you there?

Is it love when he kiss
Seems the moment
You missed in your dreams?
Is it love your heart falls in place
Like a puzzle?
I want to know
Is it love?

Is it love when you lay in his arms
And you still seem to fall?
Is it love if he gives his tomorrows
And you have them all?

Is it love when he kiss
Seems the moment
You missed in your dreams?
Is it love your heart falls in place
Like a puzzle?
I want to know
Is it love?

Ask myself a million times
Always seems to cross my mind
Is it love, Is it love, Is it love, Is it love
I want to know, Is it love?
