

MIRACLE

Ultra Naté

The great divide begins within
Camouflaged by the skin I'm in
To know yourself is to believe
Love creates beautiful seeds

I'm a miracle
A mystery of the ages
I'm a miracle
A burning fire
A shining beam of light
I'm a miracle
You speak my name
And know my power
I'm a miracle
A miracle
I'm made from love

See my wonder, see it reign
Unbreakable, golden chain
Who are you, to tilt my crown
Unite the people, hear the sound

I'm a miracle
A mystery of the ages
I'm a miracle
A burning fire
A shining beam of light
I'm a miracle
You speak my name
And know my power
I'm a miracle
A miracle
I'm made from love

I, I'm made from love
I'm made from love
I, I'm made from love
I'm made from love
I'm made from love
I'm made from wonder
I'm made from love
I'm made from wonder
I'm made from love
I'm made from wonder
I'm made from love
I'm made from wonder
I'm made from love
I'm made from wonder

I'm a miracle
A mystery of the ages
I'm a miracle
A burning fire
A shining beam of light
I'm a miracle
You speak my name
And know my power
I'm a miracle
A miracle

I'm made from love
I'm made from wonder
