

## So Glamorous

Ultra Naté

Baby it's so easy to decide  
Not gon 'let nobody run my life  
Working hard all week it's time to play  
Called up all my girls they're on their way  
Champagne bubbles make us feel alive  
Not worried cause we're on a natural high  
Diamond studded kisses in the air  
All my favorite people there

Saturday night loving my life  
Everything we do is fabulous  
Saturday night doin' it right  
Baby, we are so glamorous  
Saturday night loving my life  
Everything we do is fabulous  
Saturday night doin' it right  
Baby, we are so glamorous

Saturday night loving my life  
Everything we do is fabulous  
Saturday night doin' it right  
Baby, we are so glamorous  
Saturday night loving my life  
Everything we do is fabulous  
Saturday night doin' it right  
Baby, we are so glamorous

Lipstick blinding shining like the sun  
Looking fly we pull up to the club  
Straight inside we never wait on lines  
Vip's thew only way we ride  
Guys are creeping 'round but I don't care  
Turning heads they always stop and stare  
And ain't looking for Mr. Right  
Just living for the weekend cause it's

Saturday night loving my life  
Everything we do is fabulous  
Saturday night doin' it right  
Baby, we are so glamorous  
Saturday night loving my life  
Everything we do is fabulous  
Saturday night doin' it right  
Baby, we are so glamorous

Saturday night loving my life  
Everything we do is fabulous  
Saturday night doin' it right
