Elysium

Ultrabeat

The way, you are
Away, out far
We've had, our past
I hope, it lasts
I love, you though
This love, can grow
We've reached, our peak
We're strong not weak

Don't leave me hangin coz you know what I'm feelin
I go crazy, I go crazy
And if I asked you would you stop me from fallin?
Would you save me? Would you save me?

Don't leave me hangin coz you know what I'm feelin
I go crazy, I go crazy
And if I asked you would you stop me from fallin?
Would you save me? Would you save me?

Don't leave me hangin coz you know what I'm feelin
I go crazy, I go crazy
And if I asked you would you stop me from fallin?
Would you save me? Would you save me?

Don't leave me hangin coz you know what I'm feelin
I go crazy, I go crazy
And if I asked you would you stop me from fallin?
Would you save me? Would you save me?

The way, you are
Away, out far
We've had, our past
I hope, it lasts
I love, you though
This love, can grow
We've reached, our peak
We're strong not weak

Don't leave me hangin coz you know what I'm feelin
I go crazy, I go crazy
And if I asked you would you stop me from fallin?
Would you save me? Would you save me?

Don't leave me hangin coz you know what I'm feelin
I go crazy, I go crazy
And if I asked you would you stop me from fallin?
Would you save me? Would you save me
