Ultrabeat

Baby ,
Baby ,
Feel....
Baby ,
Baby ,
Your presence was no surprise ,
I seen your dancing , caught my eye ,
I seen you look me up and down ,
You seem the type to mess me around ,
Baby ,
I know your right ,
I've seen the way you look in my eyes ,
You're not the type to break my heart ,
I kind of loved you from the start ,
I've found the love of my life ,
This time i know this feeling is right ,
So baby take my word on this ,
My love for you is in my kiss ,
This time i know ur right ,
My future is looking bright ,
I cant express the way i feel ,
Baby, this love's for real ,
This love's for real
This love's for real
Baby ,
I know ur right ,
I've seen the way you look in my eyes ,
You're not the type to break my heart ,
I kind of loved you from the start ,
I've found the love of my life ,
This time i know this feeling is right ,
So baby take my word on this ,
My love for you is in my kiss ,
This time i know ur right ,
