

# Forgive Us

Ulver

Captain, are you there?  
This is a perfect storm  
Let it be heard  
The great god Pan is dead

The throne is empty  
We are alone  
Spirit of the sky...  
Spirit of the earth

Spirit of the sky, remember us  
Spirit of the earth, forgive us  
Spirit of the sky, remember us  
Spirit of the earth, forgive us  
Spirit of the sky, remember us  
Spirit of the earth, forgive us

Remember us...  
Forgive us...
