

Little Boy

Ulver

A heart rate more thunderous
Than drums
A golden eagle
The solar symbol
In the skies
It's a movement
Of fearful symmetry
Than drums
A golden eagle
The solar symbol
In the skies
It's a movement
Of fearful symmetry

Left them for a menace
Dancing snake
The Naked Skin
Flowers of Evil

They spread
Twist and turn
In the killing field
The temptation
Gold
Narcissist
Who can resist?
Saint John
The Baptist
His head on a plate
In the killing field
