

## You Are Poison for Me

Umbra Et Imago

You are poison for me  
and yet  
Oh how I love you  
I see walking in the garden  
In my head standing on the corner  
You are Poison for me

You're killing me slowly  
Oh how I yearn for you  
I smell your skin  
I eardrop on your sounds  
You are poison to me

You live in your small world  
and how I can feel you  
I know how hard is goodbye  
Like before in another world  
Were you already then poison for me

Oh, how I love you  
So alone among many  
So far from you
