

# High School

UMI

When you're lonely  
Do you stare outside your window like I do?  
Do you remember how we  
Used to go to Denny's after school?

And I  
I would tell you that I loved you so much  
But the problem is  
I didn't even know what love was, no

So please wait  
I was too young to know back then  
So give me another chance again  
Now that I've changed I know that we'll be better  
Better, this round

Know we were in high school when we met  
Yeah, we were so dumb  
We thought we were invincible  
I didn't even have my license yet  
I made my mom drive to you

And I  
I would tell you that I loved you so much  
But the problem is  
I didn't even know what love was, no

So please wait  
I was too young to know back then  
So give me another chance again  
Now that I've changed I know that we'll be better  
Better

So please wait  
I was too young to know back then  
So give me another chance again  
Now that I've changed I know that we'll be better  
Better, this round

Ooh  
(I be like)  
Bruh, we were just in high school
