

Nostalgia

UMI

I guess that
This is what it feels like
To be forgotten
To not matter anymore

Oh, I don't remember your face
I remember the taste of us
Remember the place that we last said goodbye

Nostalgia
It's all I feel, it's all that's left of me
Nostalgia
It's all I am, it's all I'll ever be
Nostalgia Nostalgia
Left with all these broken memories
Nostalgia Nostalgia
Nothing's left of what was you and me

Nothing's left of what was you and me
Nothing's left of what was you and me
