UMI

She said am I in the mood?
Nope, not necessarily
But I could do it for you
Yup, that's a necessity
I was a bitch to you?
Nope, not necessarily
Oh, oh

I've been standing here with my glass half full
When you gonna come over here? We could act like a fool
Yup, you got the best of me
Oh

20/20 vision
Seeing you with 100% of me
Out of my system
Sleeping with you is something that's meant for me
What do you say?
We could roll up, we could get drunk, and
If I was high, would you be down?
That's a necessity

I've been standing here with my glass half full
When you gonna come over here? We could act like a fool
Yup, you got the best of me
Oh
