Tell them turn the television off  
It's messin'  
It's messin' with my thoughts  
Of you

I can't feel no  
I can't feel no more

I think I'm in a different world from you  
Oh, oh, oh, oh  
Floating in a dimension, far from you  
Oh, oh, oh, oh

I'm seeing colors that I've never seen before  
I'm in my feeling, feelin', feelings I should ignore  
You know I fuck with you, but I just want to be alone  
I'm on a different vibe  
You know, I'm on a different high

Crystallizing truth  
Tryna find my way to you  
Find my way to you, find my way to you, oh  
Ultraviolet rays  
Seeing things are not the same  
They're not the same, they're not the same, oh

I think I'm in a different world from you  
Oh, oh, oh, oh  
Floatin' in a dimension, far from you  
Oh, oh, oh, oh

I'm seeing colors that I've never seen before  
I'm in my feeling, feelin', feelings I should ignore  
You know I fuck with you but I just want to be alone  
I'm on a different vibe  
You know, I'm on a different high

I don't think I've found myself, at all  
At all, at all  
I don't think I'm interesting, at all  
At all, at all, at all, at all

I'm seeing colors that I've never seen before  
I'm in my feeling, feelin', feelings I should ignore  
You know I fuck with you, but I just want to be alone  
I'm on a different vibe  
You know, I'm on a different high  
You know, I'm on a different high  
You know, I'm on a different vibe
