

why dont we go

UMI

Why don't we go
Somewhere we only know
If you're alone
There's something I could show ya
Up in the clouds
Yeah, we've been there before so
Why don't we go yeah
Why don't we go yeah

No I can't feel the rain
One kiss we fade away
When summer left you came
And you changed me oh I
I'm staring through your eyes
I see myself dancing through the night
Can I show you someplace I?
I could show you a good time

Why don't we go
Somewhere we only know
If you're alone
There's something I could show ya
Up in the clouds
Yeah, we've been there before so
Why don't we go yeah
Why don't we go
Why don't we go
Somewhere we only know
Climb into me
Into my waterfalls
Up in the cloud
Yeah, we've been there before so
Why don't we go
Why don't we go yeah

Momma said I should know better
To fall in love with a stranger (yeah)
You feel so familiar
I'm not scared to be close to you
I met you on a Sunday
And made love on a Monday see I
Think back it was fun day
I wouldn't want it any other way

I'm staring through your eyes
I see myself dancing through the night
Can I show you someplace I?
I could show you a good time

Why don't we go
Somewhere we only know
If you're alone
There's something I could show ya
Up in the clouds
Yeah, we've been there before so
Why don't we go yeah
Why don't we go yeah

Why don't we go
Somewhere we only know
Climb into me
Into my waterfalls
Up in the cloud
Yeah, we've been there before so
Why don't we go
Why don't we go yeah

Why don't we go
Why don't we go yeah

Why don't we go
Why don't we go yeah
