

## wish that i could

UMI

Running through my mind  
Things I haven't told you  
Now I know I shouldn't lie  
But I'm too scared to show you

Oh don't you wanna know  
Could get out of my hands  
When you lie in my bed  
Been tryna take it slow  
But I'm loosing control  
And God only knows that I

Wish that I could be your lover  
Never met a girl like that  
I could treat you like no other  
Wanna be yours so bad

Let me make you feel right  
Baby we, maybe we make love all night  
Ohh~  
Wish that I could be your lover  
Wish that I could be your  
Wish that I could

Funny that I find  
You don't wanna fight it  
(You don't wanna fight it)  
Baby, there's no need to be shy  
Cuz I can tell you like it

Oh don't you wanna know  
Could get out of my hands  
When you lie in my bed  
Been tryna take it slow  
But I'm loosing control  
And God only knows that I

Wish that I could be your lover  
Never met a girl like that  
I could treat you like no other  
Wanna be yours so bad

Let me make you feel right  
Baby we, maybe we make love all night  
Ohh~  
Wish that I could be your lover  
Wish that I could be your  
Wish that I could

Baby I want  
Baby I need it, I  
You got me all in my feelings, I  
I could be wrong  
But baby I mean it  
I've held back for far too long

Ohhh~

You're my only  
Leave my body  
When you hold me  
So when we gonna

Baby  
When you  
Love me  
When you  
Baby  
Can you  
Ohhh

Wish that I could be your lover  
Never meet a girl like that  
I could treat you like no other  
Wanna be yours so bad

Let me make you feel right  
Baby we, maybe we make love all night  
Ohh~  
Wish that I could be your lover  
Wish that I could be your  
Wish that I could
