

Ride on Pony

Umphey's McGee

Looking back at the job
It was cool to be young
Beer in the back of pickup trucks
A sack of clothes just to press the luck
Laughs and jokes
Til morning comes in

Ride
Ride on pony
Gonna ride
Ride on pony
Ride on pony

There's just enough gas to get home
There's some Stones playing on the radio
He's talking about a street fightin' man
Round here things don't get out of hand

Or out of time

So ride
Ride on pony
Gonna ride
Ride on girl
Ride on girl

I got a homecoming Queen supreme
And a marching band to lead my song
I remember the times coming close to the lines
Laughs and jokes
Til morning comes in

Ride
Ride on pony
You're gonna ride
Ride on girl
Ride on girl
Ride on girl
Ride on girl
