

Demon Pact (Mysterium Tremendum)

Unanimated

Bless the flesh by poisoning the blood
A cursed vessel alit
Sink the fangs and let it flood
Now build the fire and anoint the oil
And sow the seed in hallowed soil

NO RETURN

Unveil the mind
Let the words slither through thoughts
In the base of the skull
An oath in blood and an arrow through heart
Haunting shadows, destructive force
now there's no way back
There's no way back

NO RETURN

Thirteen steps and beyond
Thirteen steps and beyond
God's creatures - animals, cursed animals
Five arms, seven fingers on each hand
Cursed leper
A second head is growing on my shoulder
A third, a fourth and another, six foul heads rear, roar
Cursed leper
Eruvias ponens
