

Murda Scene

Unaverage Gang

I pull up on the murder scene bitch, I'm your nightmare
I'm cutting deep and leave you bleeding, we don't fight fair
I'm with my demons and we feening so just be aware
I'm posted up inside the mortuary, fuck your God say your prayers
I pull up on the murder scene bitch, I'm your nightmare
I'm cutting deep and leave you bleeding, we don't fight fair
I'm with my demons and we feening so just be aware
I'm posted up inside the mortuary, fuck your God say your prayers

Riding with that blicky
Smoking on that sticky
Only killas riding with me
Yo' bitch keep saying, please put it in me
I'm insane
Put in work I need a raise
Unaverage Gang you know the name
Always repping 'til my grave
I'm with my wolf pack
Running through these rappers like a running back
UAV up in the 4th yea we coming back
Running and gunnin', you ready to die?
Sick of these pussies just wasting my time
Ripping and gripping she jerking my nine
Fuckin' it up, bitch I'm done being nice

I pull up on the murder scene bitch, I'm your nightmare
I'm cutting deep and leave you bleeding, we don't fight fair
I'm with my demons and we feening so just be aware
I'm posted up inside the mortuary, fuck your God say your prayers
I pull up on the murder scene bitch, I'm your nightmare
I'm cutting deep and leave you bleeding, we don't fight fair
I'm with my demons and we feening so just be aware
I'm posted up inside the mortuary, fuck your God say your prayers

So fuck your God
We'll never drop
Just a night of villains
Rather lie
Ride or die
See my hoe is chillin'
That's what I thought
You ain't boutta play the game
The shit we fuckin' talk about is always in our veins
You ridin' with the fuckin' creatures
Back of the line of our line of features
Never gonna mind 'cause back is leeches
Always do fine, 'cause somebody needs us
You leave us
Your life is full of doubt
You're always fallin' deep into your silence
Bitch just leave and cry, go now
