

Seeing Red

Unaverage Gang

Yeah
Mind, body, and my soul on the edge
Going thru the struggles of life till I'm dead
Fuck shit
I'm surrounded by some pricks
Cause they eatin out my eyes and always lookin for the next
All I see is
The ghouls and they stop just to creep
It's a big gap that's why they can
Lie thru they teeth
And it's all cap
Nah, I'm never lookin back
All that fucken talkin that you did
It's only lookin bad
Why the fuck you showin out?
Time has changed, it's goin down
Everybody backin your ass
So you can play it down
Said that you could handle the task
We see your failing now
How many bottles of bullshit, you gonna drink
Before you drown?
Hold up
Let me say it, before you ask it
Yeah I'll be there
Fucken pissin on your casket
One sec
Gonna put it in basket
Wrap it up, and put your soul next to the plastic

If I'm staying lowkey means
I'm mobbin in that 400
Riding low exhaust scraping
Yea, I love stunting
Pussy mothafuckas love to hate
I need more of it
Better be ducking when that mothafuckin gang comin
Shots flying between your eyes
Can you read behind the lines?
Sick of all your fuckin lies
Acting like you Pennywise
Fuck you if you think we cool
Somebody let them hounds loose
Devil on my back
And he told me to kill this bap boom
When I think of the pussies
I'm only seeing red
If you fuck with UAV
There ain't no cheating death
If you hate your fucking life
Just shut the fuck up then
When I think of the pussies
I'm only seeing red
If you fuck with UAV
There ain't no cheating death
If you hate your fucking life
Just shut the fuck up then

Tired of the bitching and complaining
Bitch just hold yo breath
