Breaking out this cage
We them hounds that cannot be tamed
Dancing with my demons
Digging up your grave
Don't get fucked, don't get fucked
Don't get fucked up
Breaking jaws inside the pit
Now watch them bodies drop
Breaking out this cage
We them hounds that cannot be tamed
Dancing with my demons
Digging up your grave
Don't get fucked, don't get fucked
Don't get fucked up
Breaking jaws inside the pit
Now watch them bodies drop

Too many bodies dropping I lay 'em down in a coffin
They're like "T.R.I.P. how the fuck you killin' shit so often?"
I don't know I just be on the low
I'm coming for your throat
Sending mothafuckas down below
Where I call my home
I don't give a fuck about pussy player hating bitch
All these rappers suckin' dick
For a lil taste of fame and shit
That shit is wack better watch your back
Snakes up in the grass chop 'em up in half
Make a mothafucka skull crack
Never put my trust in no man
Like I fuckin' did before
All these leeches feining but UAV got the antidote
Out here lookin' lost even when I showed you all the ropes
Fun and games 'til you mothafuckas overdose

Breaking out this cage
We them hounds that cannot be tamed
Dancing with my demons
Digging up your grave
Don't get fucked, don't get fucked
Don't get fucked up
Breaking jaws inside the pit
Now watch them bodies drop
Breaking out this cage
We them hounds that cannot be tamed
Dancing with my demons
Digging up your grave
Don't get fucked, don't get fucked
Don't get fucked up
Breaking jaws inside the pit
Now watch them bodies drop

Yeah
Couple bodies layin' in the fuckin' river bed
You just a copy with a shotty, always actin' dead
And all these fake fuckin' pussies always claim to be
But never went through one event

Cause it's surrounding me
All that talk and they never back it
You let it go
All I see is a bunch of rats through a 1 inch hole
So fuck your demise
You livin' in lies
I hope you layin' there still hopeless
And you dyin' inside
'Cause you will never tell the truth
So fuck it, you dreamin'
I hope you lookin' at my life now
I know that you see me
But it don't matter what the fuck we say
You find it demeaning
It's called tough love bitch
Try finding the meanin'
