Why do all friends turn to enemies?  
Feelin' like it can be the epidemic what you be thinkin', or is

Honestly, I don't know, my G  
None of these Witches ever phased me, just remember you can't h  
it what you can't see, when the ghost comes out you better not  
breathe

Lost in the woods, hear the silence in my chest  
I can't believe I'm the only one left  
I better stop breathin' or I'ma be next  
I'm trapped in the middle of the "Witch's Nest"
