

Four Letter Word

Uncle Kracker

One day you could care less,
Struttin' like a hot mess,
Prom dress layin' on the floor.
Then you go from cheap thrill
To absolutely buzz kill,
Always tryin' to even the score.
You're like a sexy little psycho
With an automatic rifle
And I like the way you do what you do, oh
You always got me beggin' of a four letter word
You get my motor runnin' or you get on my nerves
You make me wanna kiss you or just flip you the bird
You always got me beggin' of a four letter word
Oh, you got me beggin' of a four letter word
Sweet like honeysuckle,
Shinin' of my buckle,
Dancin' like it ain't gonna end.
I can almost taste it,
Take a shot and chase it,
Wasted like the clothes on your skin.
I swear you get me cussin'
When you're pushin' on my buttons
Call me crazy, but I'm crazy for you.
You always got me beggin' of a four letter word
You get my motor runnin' or you get on my nerves
You make me wanna kiss you or just flip you the bird
You always got me beggin' of a four letter word
Oh, you got me beggin' of a four letter word
You're like a sexy little psycho
With an automatic rifle
And I like the way you do what you do.
I swear you get me cussin'
When you're pushin' on my buttons
Call me crazy, but I'm crazy for you.
You always got me beggin' of a four letter word
You get my motor runnin' or you get on my nerves
You make me wanna kiss you or just flip you the bird
You always got me beggin' of a four letter word
You always got me beggin' of a four letter word
You get my motor runnin' or you get on my nerves
You make me wanna kiss you or just flip you the bird
You always got me beggin' of a four letter word
Oh, you got me beggin' of a four letter word
Four letter word
Four letter word
