

# Get Back Home

Uncle Kracker

I'm 'a roll a couple up  
Pour some devil in my cup  
Sing a simple song  
Write a couple love my wrongs  
Maybe break some girls hearts  
Throw some punches in a bar  
Buy a pretty girl a ring  
Spray her name on that old freight train  
Just know that I'm, just killing time

'Til I get back home  
You know I'm gone  
Make the most of what I got  
On this little pit stop  
Just keep on keeping on  
'Til I see that light  
Burning in that sky  
I'm 'a take and I'm 'a give  
Love and I'm 'a live  
'Til my work down here is done  
Just know that I'm, just killing time  
'Til I get back home

I'm 'a call up mom and dad  
While I still have the chance  
Maybe take a second look  
At the dusty pages in my book  
Gonna hang out with my friends  
Probably cause a couple sins  
Make peace with enemies  
Talk up a million memories  
It ain't no crime, just killing time

'Til I get back home  
You know I'm gone  
Make the most of what I got  
On this little pit stop  
Just keep on keeping on  
'Til I see that light  
Burning in that sky  
I'm 'a take and I'm 'a give  
Love and I'm 'a live  
'Til my work down here is done  
Just know that I'm, just killing time  
'Til I get back home

Might not be here for too long  
So I stay up 'til the morning comes  
All day long, feeling alright  
No time to sleep, staying up all night

Might not be here for too long  
So I stay up 'til the morning comes  
All day long, feeling alright  
No time to sleep, staying up all night

'Til I get back home

You know I'm gone  
Make the most of what I got  
On this little pit stop  
Just keep on keeping on  
'Til I see that light  
Burning in that sky  
I'm 'a take and I'm 'a give  
Love and I'm 'a live  
'Til my work down here is done  
Just know that I'm, just killing time  
'Til I get back home
