

# Life Goes On

Uncle Kracker

Lights turn red, coffee burns  
Phones go dead, hangovers hurt  
Blue jeans, car hoods  
Love and tattoos fade (love and tattoos fade)

Bands break up, records scratch  
What goes around might not come back  
Uncle Sam, the rent, and your ex get paid  
But that's okay

'Cause life goes on  
Hearts get cold  
Beer gets warm  
And we get old if we're lucky  
We figure out it ain't all about the money  
Can't take it with you when you're gone  
We pay our dues  
We pay our bills  
We say our prayers  
And take our pills  
Yeah, buddy  
Some days we're doin' alright  
Some days we're doin' all wrong  
But life goes on  
Yeah, life goes on

Boots get holes, girls walk out  
We lose our souls, and some get found  
It can feel like the end of the world when it isn't  
You gotta keep living

'Cause life goes on  
Hearts get cold  
Beer gets warm  
And we get old if we're lucky  
We figure out it ain't all about the money  
Can't take it with you when you're gone  
We pay our dues  
We pay our bills  
We say our prayers  
And take our pills  
Yeah, buddy  
Some days we're doin' alright  
Some days we're doin' all wrong  
But life goes on  
Yeah, life goes on

Just last night  
She was here  
I woke up  
She disappeared (she disappeared)

But life goes on  
Hearts get cold  
Beer gets warm  
And we get old if we're lucky  
We figure out it ain't all about the money

Can't take it with you when you're gone  
We pay our dues  
We pay our bills  
We say our prayers  
And take our pills  
Yeah, buddy  
Some days we're doin' alright  
Some days we're doin' all wrong  
But life goes on  
Yeah, life goes on

Life goes on  
And on, and on  
And on, and on  
And on  
Life goes on
