

# Like That

Uncle Murda

(Drama Beast, man)

(Yeah)

(Brooklyn)

Why you actin' like you like that? No, you not  
You been soft since public school, but you thought we forgot?  
Man, you was a good kid, scared to play hooky  
Just know that we know that you really pussy

If a nigga got an issue with me, it is what it is  
All I know is shoot first, I gotta make it home to my kids  
Name ringin' bells, I was raised to hell in the projects  
I was with the shooters and the niggas that sell narcotics  
Runnin' from the police, tryin' to avoid central bookin'  
I'm from East New York, that's the murder capital of Brooklyn  
All you hear is police sirens 'cause the bodies dropped  
Shut the trap down for a minute, shit got it hot

How many guns you got, pussy nigga? You prepared for war?  
We the type that don't stop shootin' when we hear the law  
If they could get it to one gang, that's how we was feelin'  
We was really buggin', niggas lucky that we be chillin'

Why you actin' like you like that? No, you not  
You been soft since public school, but you thought we forgot?  
Man, you was a good kid, scared to play hooky  
Just know that we know that you really pussy

Look, I got it out the mud, I'm affiliated with the struggle  
Ain't had no big homies, nigga, we was our own muscle  
Beefin' with the big homies that rent the neighborhood  
They tried to say we can't hustle unless they say we could  
We was like, 'Yeah, whatever,' ain't show 'em no respect  
Y'all ain't the only niggas out here that got a gun connect  
Niggas put our back against the wall and leave us no choices  
Licked niggas bleed just like us, nigga, Biggie Voice

Tough niggas usually only end up in two places  
A coffin all 'round other tough niggas fightin' cases  
Don't talk about no shootouts if you ain't never hit nobody  
You wasn't movin' bricks, nigga had you workin' in the lobby

Why you actin' like you like that? No, you not  
You been soft since public school, but you thought we forgot?  
Man, you was a good kid, scared to play hooky  
Just know that we know that you really pussy
