I don't want to hit you, bad bitch, all I smoke is Murda  
I might send 40 of them to my Uncle, Murda  
I stay fresh as fuck, and still sippin' purple  
Nothing but bossed up made men in my circle  
Na, we don't kick it, I just surve it  
Hope he never plan on snitching  
'Cause Imma hurt him  
Bust that chopper, have a nigga jumpin' hurtles  
Fresh as fuck in the trap  
Rock with some shit you never heard of  
Get it for the low, and sell it for the cheap  
I've been trappin' out the motel all week  
Sippin' syrup, countin' money, no sleep

Trappin' in my house, 'cause designer hurt my feat  
Pull up in that 2-seater, it's just my bitch and me  
These niggas say they street  
But I don't see them out here  
I don't see them nowhere, glocc in my underwear  
Look up under that bed, I got work all up under there  
It's Dolph

Send that work, we can deal with it  
Send that work, we can deal with it  
Send that work, we can deal with it  
Told the plug, send that work  
We can deal with it  
Talkin' pounds and them Killo's  
Me and Migos  
And we get that shit filled up
