

Switching Sides

Uncle Murda

Ayo, you see 'em rollin' with the other niggas, right?

(Keep chillin' on the beat, by the way)

Aight, nigga

If you be around niggas I got beef with

When you see me, don't try to speak (Uh-uh)

Don't approach me, actin' like I'm cool

Keep it movin', huh, we don't make retweets (Fuck outta here)

Just know we aimin' at you too

When we spin the block and catch them outside (Yup)

Put-put a switch on a new strap

I just bought for niggas that be switchin' sides

Put-put a switch on a new strap

I just bought for niggas that be switchin' sides (Yeah, yeah, yeah)

Put-put a switch on a new strap

I just bought for niggas that be switchin' sides (Yeah, yeah, yeah)

Just know we aimin' at you too

When we spin the block and catch them outside

Put a switch on a new strap

I just bought for niggas that be switchin' sides

Yeah, I grew up in the projects (Bang out)

You know that pissy elevator shit (Ass)

We were so young and naive

We thought sellin' crack was gon' make us rich (Herb)

We ain't follow niggas' protocols

Over shootouts, over drug blocks

Drippy every day, case we get knocked

We fly when we take our mugs out (That's hot)

If me and you have a confrontation

I'm screwin' first, fuck a conversation

Headshots when we shoot a nigga

To make sure he dead, that's the confirmation

Evidence, we ain't leavin' it (Nah)

Don't back it out if you ain't squeezin' it (Don't do that)

It's crazy how all the niggas that we used to look up to

We start beefin' with (How?)

Extended clips, loaded up with hollows

I hit shootin' at my role models (Ayy)

With a Desert Eagle and these bullets

To size up a little Moab bottle

I done turned into an OG

I understand this is young man's game

But I'm still competin' at a high level

Like Steph Curry and LeBron James (What game? What game?)

If you be around niggas I got beef with

When you see me, don't try to speak (Uh-huh)

Don't approach me, actin' like we cool

Keep it movin', huh, we don't make retweets (Fuck outta here)

Just know we aimin' at you too

When we spin the block and catch them outside (Yup)

Put-put a switch on a new strap

I just war for niggas that be switchin' sides

Put-put a switch on a new strap
I just war for niggas that be switchin' sides (Ayy, ayy, ayy, ayy)
Put-put a switch on a new strap
I just war for niggas that be switchin' sides
Just know we aimin' at you too
When we spin the block and catch them outside
Put a switch on a new strap
I just war for niggas that be switchin' sides (Switchin' sides, switchin' sides)

Then the gun go off (Fuck)
My niggas down for the cause
How you a winner if you never lost? (No, no, no, no)
We too deep in the field, automatic
The stale do not play with the boss (Uh)

I asked Murdaa, he ready to drill (Ready to drill)
He said, 'I ain't too cool to toss' (Haha, let's crack it up)
While niggas hatin' on me like I ain't put on (Put on)
I'm the reason y'all niggas got clout
The reason your name in the song

Oh, he like the bottle we vibe around forty
The train, let's see how he box (Uh)
I'm glad he switched sides, he was the same nigga runnin' to talk to the cops (Uh)
That boy ain't full, ma, I can't wait to catch you and run up on ya (Uh)
How you ain't start up, provide for the gang?
And you know Brodie just took that offer (Uh)

He was in court wildin', told the DA to suck a dick and fuck your honor (Uh)
Came with them sticks, we don't need a sponsor (Uh)
How you a killer? You wasn't in the drama (Uh)

If you be around niggas I got beef with
When you see me, don't try to speak
Don't approach me, actin' like we cool
Keep it movin', homie, don't make me tweak
Just know we aimin' at you too
When we spin the block and catch them outside

P-P-Put a switch on the new strap
I just bought for niggas that be switchin' sides
P-P-Put a switch on the new strap
I just bought for niggas that be switchin' sides
P-P-Put a switch on the new strap
I just bought for niggas that be switchin' sides
Just know we aimin' at you too
When we spin the block and catch them outside
Put a switch on the new strap
I just bought for niggas that be switchin' sides

(That be switchin' sides, that be switchin' sides, that be switchin' sides)
(Ha-ha-ha-ha-ha-ha-ha-ha-ha-ha-ha-ha-ha-ha-ha)
