

I Wanna Be Your Dog

Uncle Tupelo

So messed up, I want you here
In my room, I want you near
'Cause now I want to be face to face
Now I lay right down in my favorite place

'Cause now I want to be your dog
Now I want to be your dog
Now I want to be your dog
Well, c'mon

Now I'm ready to close my eyes
Now I'm ready to close my mind
'Cause now I'm gonna take your hand
Now is my heart on the burning sand

'Cause now I want to be your dog
Now I want to be your dog
Now I want to be your dog
Well, c'mon
