

# Falling

## Underoath

Is it enough that I feel like I'm falling?  
Is it enough that I can't shine?

I don't wanna be like this  
I don't wanna be like this  
I don't wanna be like this  
I don't wanna be like this  
Is it enough that I feel like I'm falling?

Caught in the middle  
This is the middle  
Caught in the middle  
This is who I wanna be

Caught in the middle  
This is the middle  
Caught in the middle  
This is who I wanna be

Suffer like this  
Suffer like this  
Suffer like this  
Suffer like

Is it enough that I feel like I'm falling?  
Is it enough that I can't shine?

This is what it's like to be  
Who you wanna be  
You wanna be  
You wanna be  
This is what it's like to be  
Who you wanna be  
Caught in the middle

This is what it's like to be  
Who you wanna be  
You wanna be  
You wanna be  
This is what it's like to be  
Who you wanna be  
Caught in the middle

Caught in the middle  
This is the middle  
Caught in the middle  
This is who I wanna be

Caught in the middle  
This is the middle  
Caught in the middle  
This is who I wanna be
