

## Del mar county fair 2008

underscores

It already feels like October  
They said, "You go with the boys, I'll go with the girls"  
I don't remember much, some colors and a mirror maze  
I think I figured out what it's all for  
I got everything I wanted but I wanted more  
Take a night bus, board a red-eye to steer your fate

It's my bad, it's my bad, it's my bad, don't lie  
I'll pay it back, pay it back, pay it back sometime  
Don't be mad, don't be mad, don't be mad when I apologize for the very next  
time  
It's my bad, it's my bad, it's my bad, don't lie  
I'll pay it back, pay it back, pay it back sometime  
Can't relax, can't relax, I'm not built like you

You wouldn't let it eat you whole  
You wouldn't let it eat you whole  
You wouldn't let it eat you whole  
You wouldn't let it eat you whole

It's my bad, it's my bad, it's my bad, don't lie  
I'll pay it back, pay it back, pay it back sometime  
Don't be mad, don't be mad, don't be mad when I apologize for the very next  
time  
It's my bad, it's my bad, it's my bad, don't lie  
I'll pay it back, pay it back, pay it back sometime  
Can't relax, can't relax, I'm not built like you

You wouldn't let it eat you whole  
You wouldn't let it eat you whole  
You wouldn't let it eat you whole  
You wouldn't let it eat you whole

(It's the new wave of the future!)  
(Best friend ever, haha)

(Oh yeah)  
Irresistible swan, swan (Oh)  
Where's this going?  
Love me in the rain  
We'll kiss through cellophane  
Last week, thought I changed  
Your face: hurricane  
I'm anxious to meet ya  
Last time caused a scene (What do you mean?)  
I shouldn't freeze again  
I'm cautious of being next to you  
And, honey, there's pressure  
But I'm used to losing (I'm used to losing)  
Change my heart, change my mind  
Say it please (Say it, please)

Blame me once, blame me twice, yeah  
Out of my, out of my care  
Meaningful, everything  
Meaningful, everything  
You just want what I can't have

You just want what I can't bear  
Beautiful, everything  
Beautiful, everything  
Out of my, out of my hair  
Waiting all, waiting all year  
Should I have to go give up?  
'Cause you can't see me in your life  
Throw me in a daze  
'Cause I'm not feeling okay  
You don't like how I move  
You don't want me to stay

Wouldn't let it eat you whole (Should I have to go give up?)  
Wouldn't let it eat you whole [?]  
You wouldn't let it eat you whole

I had a bad day  
That's not a stranger to you  
You cried last night (You wouldn't let it eat you whole)  
I don't have nothing to prove  
It wouldn't work well  
I wouldn't know what to do  
I couldn't know what to do  
I never know what to do

Breaking and breaking and breaking again, oh  
Why would you do that? Go sleep with my friend  
Make most of youth but sometimes it don't bend  
Why would you pretend?  
Breaking on broken glass  
And it's all I can see (Ahh)  
I'm thinking, I'm thinking, I'm thinking  
It's all that I need
