Detach Yourself

underscores

Detach yourself
Detach yourself
From who they think you are
And take the place of another
The place of another
Another

This is just a way for me to be vulnerable but protect myself
Whenever I condone that persona like, put myself inside of that
 like
I'm detached from the world like, there's literally a wall betw
een me and the world around me
Everyone's running away from something even if you don't really
 want to admit it
Or if you don't wanna look back and see what it is
We're all running away from the same obstacle, we all are

What are you running away from?

Right now? self-doubt
I'm running away from insecurity
I'm running towards something bigger
I'm trying to archive something that
I don't know
I don't know
I don't know
I don't know
I don't know
I don't know
I don't know
I don't know
