Let's get things straight, I'm in charge here
And no one gave you the permission to barge in
Like that, like that
And I know you're going to corrupt him
And I know you're going to do something

So I don't want to be the one to regulate, regulate you
Regulate, regulate you
Regulate, regulate you
Regulate, regulate you
So I don't want to be the one to regulate, regulate you
Regulate, regulate you
Regulate, regulate you

And I said please, can I get you to stop it
(Can I get you to stop it, yeah, yeah)
And you're the reason, he's so self conscious
Like that, like that
And I know you're going to corrupt him
And I know you're going to do something

So I don't want to be the one to regulate, regulate you
Regulate, regulate you
