Do-do, do-do, do-do-do-do-do
Do-do, do-do, do do-do-do, do, do
Do-do, do-do, do-do-do-do-do
Do-do, do-do, do do-do-do, do, do
Do-do, do-do, do-do-do-do-do
(There's nothing we can do... there's nothing we can do...)
Do-do, do-do, do do-do-do, do, do
(There's nothing we can do... there's nothing we can do...)
Do-do, do-do, do-do-do-do-do
(There's nothing we can do... there's nothing we can do...)
Do-do, do-do, do do-do-do, do, do

When I said I was boring
I wasn't kidding, uh
This shit is worse than I thought
(I thought, I thought, I thought, I thought)
Your ex boyfriend's a Jehovah's Witness
But he goes as hard as he wants
(Wants, wants, wants, want...)

Cause I'm paralyzed
From all the wasted time that I spent
On my so called p-peace of mind and
I wish I could help but my hands are tied
Huh, yeah
Have you had enough?
You want it bad enough?
Does it mean something to you?

There's nothing we can do!
There's nothing we can do!
There's nothing we can do!
There's nothing we can do!

I'd scare myself into a straightjacket and hospital tuck the corners of my bed
I don't wanna hang out anymore
(nymore, 'nymore, 'nymore, 'nymore)
I got my little black dress, and my high heels on
And I'll dance around to my favorite songs, but
Could somebody else get the door?
(Door, door, door, door, door...)

Cause I'm paralyzed
From all the wasted time that I spent
On my so-called, p-peace of mind' and
I wish I could help but my hands are tied
Huh, yeah
But have you had enough?
You want it bad enough?
Do you have something to prove?

Cause I'm sick and tired of you complaining and crying
'Bout how the other fish in the sea are dying
I wish I could help but my hands are tied
Uh, yeah
But have you had enough?

You want it bad enough?
Does it mean something to you?

There's nothing we can do!
There's nothing we can do!
There's nothing we can do!
There's nothing we can do! (Why are you playing with that?)
There's nothing we can do! (Don't you remember why you're here?)
There's nothing we can do!
There's nothing we can do! (Come to da!...)
There's nothing we can do! (Oh my God... Did you hear that? Aaah!)
There's nothing we can do! (The music brings us together...)
There's nothing we can do!
(... Nothing we can do)
