

Where did you fall

underscores

And it stops and starts and it stops and starts
And it hurts cause I haven't done you this bad
Since I broke your heart
When it was breaking, I didn't understand
You hesitated, I made other plans for you
'Cause I thought that was what you needed
What you needed

Oh, my mistake, you're not that person
That's not in the textbook, I'm making it worse and
You told me to call if I found you drowning
Just like those friends that I've been hanging 'round with (That I've been h
anging 'round with)

And it stops and starts and it stops and starts
And it hurts cause I haven't done you this bad
Since I broke your heart

Where did you fall?
Where did you fall?
I've seen you fall from where we are
Where did you fall?
Where did you fall? (Ooh)
I've seen you fall from where we are

(Where did you fall?)
(Where did you fall?)
(Oh)
(I've seen you fall from where we are)
(Ooh, [?])

Strictly business
Am I extreme?
It's the new wave of the future
Best friend ever, haha

Someone call the doctor, someone call the medic
Different kind of heartburn, wish I hadn't said it
Tears come down like soft-serve, soft-serve
Tears come down like soft-serve under my protection
That's just muddy water, someone clean the septic
They get sent to slaughter, need a couple seconds
That's somebody's daughter, daughter
That's somebody's daughter, that's somebody's best friend

Where did you fall?
Where did you fall?
I've seen you fall from where we are (From where we are)
Where did you fall?
Where did you fall? (Ooh)
I've seen you fall from where we are
