

## Big Bear

## Underworld

It's not easy to say no  
I remember once  
A comment  
I don't mind  
I can't do anything else  
It's the only way  
Big Bear

Here comes the bus  
Here comes the walker  
Here comes the messages  
Here comes the opening  
Here comes the traffic jam  
The Black  
The White  
The Silver  
Here comes a mouth

Here comes the hand in pocket  
Fishing for a wallet  
Here comes obsession  
The particular placement of objects on a table

Here comes a STAR  
Here comes a spoonful  
Everything  
Not a single cloud in the sky

Hold it between your fingers  
It's a...  
Delicate thing  
Put it in your mouth

Say nothing  
Stop thinking

Foot tapping  
Favourite  
Favourite ball in a bucket  
The weight of it  
Practise it

Light  
Light  
Light  
Light  
Light  
There are bees on the walls  
Browsers at the buffet of love  
Fleets of taxis to take us anywhere we want to go  
For a price  
No price is too much

Zip it up

In the hart of the matter  
I heard screaming  
I heard roaring  
I heard car horns  
I heard traffic lights  
I heard drunks howling  
I heard the river  
I heard music from rooftops  
I heard nightclub security guards being abused  
I heard smokers whispering in doorways  
I heard silence  
I heard you looking
