

Dawn of the Militant

Unearth

Run for your life
An endless war for resources
As the heavens fall
The world is lit in a nuclear haze
Sun goes dark on the withering crops

This is not a test
Alarms sound the streets
This is not a test
This is our destiny

Our destiny
Dawn of the militant

Dawn of the militant
Full scale counter attack
Dawn of the militant
Annihilation in a flash
Dawn of the militant

Radiance of a thousand suns
Oh, the splendor of the mighty one
I am become death
Destroyer of worlds
I am become death
Destroyer of worlds

Dawn of the militant

This is not a test
Alarms sound the streets
This is not a test
This is our destiny

Mutual assured destruction

I am become death
Destroyer of worlds
I am become death
Destroyer of worlds

I am become death
Destroyer of worlds
Radiance of a thousand suns
Oh, the splendor of the mighty one
