

Into the Abyss

Unearth

New destination, a planned escape
My body is prepared, but my conscience forever aches
Take me away from this plain, through constellations
A planetary deliverance

To the stars
Beyond oblivion
To the stars
Beyond oblivion, we ride

How grim it always is...
How grim, one's detonation
Watch the horror blast
Watch the horror blast

A distant world, a perfect place
For billions left behind; a monstrous hell awaits
Fly high into the abyss, an illumination
Of the gravity of mankind's wake

Time to say so long
It's time to say so long
Our world is burning away
It's time to say so long
I'll be right beside you
It's time to say so long
Our world is burning away
Stare out to the sky!
Our shadows cast upon our worlds!
