

Given the Garden of Eden
We failed to know
Given the Garden of Eden
We failed our own

Possess the fuels
To right our wrongs
Obsessed with wealth
We race to disorder
Timeworn - contest
Advancement stalls
Unrest - mass death
Our world suffers once more

Breakdown of the nations around you
Collapse of all order
Our loss to Invictus
Our burdens break us
Our loss to Invictus
Devotions waste us away
Waste us away

Given the Garden of Eden
We failed to know
Given the Garden of Eden
We failed our own

Witness the Apocalypse
Witness the Apocalypse
Witness the Apocalypse
Lost, lost, lost
Sine qua non

Contest to feed
Our venom soars
One thirst, one fill
Filled over and over
We failed

Breakdown of the nations around you
Collapse of all order
Our loss to Invictus
Our burdens break us
Our loss to Invictus
Devotions waste us away

Witness the Apocalypse
Witness the Apocalypse
