

Sea of the Lost

Unearth

Eve of destruction

Acidity-hunts
Acidity all around us
Acidity-hunts
Acidity it surrounds us
Acidity-acidity-acidity
In the oceans
Acidity-acidity
300 million years

No sanity
Can anyone see our fall
Bringers of devastation
The great decline
The tide consumes us all
Bringers of devastation

I want to know
I want to hear how we
Reckon with tomorrow's tribe

Eve of destruction

Acidity-hunts
Acidity all around us
Acidity-hunts
Acidity it surrounds us

No sanity
Can anyone see our fall
Bringers of devastation
The great decline
The tides consume us all
Bringers of devastation

Eve of destruction

Sea of the lost
Our burning destiny
