

Summoning Scenes

Unexpect

Let us paint your inner vision
Drop the curtains and absorb this sonic invasion.

Sensorial Theatre of the non-seen,
This illusionary moment, our cosmic gift...
Should lead the craft beyond one's usual scene
As astral cyborgs on a psionic drift.

Divine grace shine in these incredulous stares
Observing avidly the strange enigmatic symbols of a
deep-water sky
Mesmerized by the torn stellar membrane,
As we, corsairs.

Deny and mistify, defy to unify
(Nydes Elense ; So? Nokelende)
Deny and mistify, imply to glorify.

Wandering through the entrails of the Maelstrom
Avatars, dissolve your blindfolds.

Let us paint your inner vision
Drop the curtains and absorb this festive invasion.

An atmospheric symbiosis of virtual legend
Intertwined with senses in a quest to transcend
The boundaries of a tired broken mind
Gaze higher, farther, deeper
There your psyche will be spellbind.

Divine grace shine in these incredulous stares
While winged celestial fragments float by
Mesmerized by the beauty that scarify,
As we, Corsairs.

Deny and mistify, defy to unify,
Deny and mystify, imply to glorify.

Wandering through the entrails of the Maelstrom
Avatars, dissolve your blindfolds.

Bards let their audience's curiosity depart
unsatisfied, as a dream!
Oh sweet lovable shrieks!

Let go of your sanity,
Ascend the crescendo of an unchained spirit.

Endless, majestic, impressively oversized
And in a state of perpetual circular motion...
The shriveled parchment walls who summoned your soul
To this hallowed hall shine erratically
With an eerie glow of phosphorescent origin unknown.
(Passage to a lateral history not yet penned by its own
melancholic will,
One can closely see the life-force of nature's past
children morphing

Wth the spectral shadows emanating from your
disembodied presence.
Ancient names are calling from beyond
A serene waves of vapourous words cascade around the
uninvited.
Traces of a lost world...)

Time for another ambiance travelers.

Deny and mistify, defy to unify
Deny and mistify, imply to glorify.
And remember, each representation is unique,
As yourself and your visions...
This psionic theater bids you farewell 'till next
time...
