

In Time

Ungu

It's not too late to let it go
It's not too late to break
It's not too late to say I'm sorry
It's true

It might not be the easiest
It might be hard to try
The madness gonna wreck it down
Deeply cut the heart

As you ready be strong
Take your soul and flying high to the sky
And you fade away, disappear in time

It might not be the easiest
It might be hard to try
The madness gonna wreck it down
Deeply cut the heart

As you ready be strong
Take your soul and flying high to the sky
And you fade away, disappear in time
As you ready be strong
Take your soul and flying high to the sky
And you fade away, disappear in time

As you ready be strong
Take your soul and flying high to the sky
And you fade away, disappear

As you ready be strong
Take your soul and flying high to the sky
And you fade away, disappear in time

As you ready be strong
Take your soul and flying high to the sky
And you fade away, disappear in time
