

Conversation

Union J

You know I don't trust
When you look that back gotta run that back
Gotta double take
I could tell right now you gon' let it out
You gon' misbehave
When it feels this right
You know you ain't leaving with who you came with
No no no

Oh my my, I think I lose my mind
Every time you come winding my way
Can't help but lose control, the way your curve stay close
So for tonight there's no playing it safe

Don't need conversation
When your body moves
Ain't no contemplating
What we 'bout to do
Can't keep my hands off you bae
The way you throwin' it back
Don't need conversation
When your body moves
Oh baby

Woah
Don't need, don't need conversation
Don't need, don't need conversation
Woah
Don't need, don't need conversation
Don't need, don't need conversation

Tell me no one's home
When you call my phone I was hoping you'd say
That you're all alone
Don't need no [?] I'll be there pronto
Take it nice and slow
When I feel this way and you misbehave
Keep me on my toes oh

Oh my my, I think I lose my mind
Every time you come winding my way
Can't help but lose control, the way your curve stay close
So for tonight there's no playing it safe

Don't need conversation
When your body moves
Ain't no contemplating
What we 'bout to do
Can't keep my hands off you bae
The way you throwin' it back
Don't need conversation
When your body moves
Oh baby

Woah
Don't need, don't need conversation
Don't need, don't need conversation

Woah
Don't need, don't need conversation
Don't need, don't need conversation

Oh my my, I think I lose my mind
Every time you come winding my way
Can't help but lose control, the way your curve stay close
So for tonight there's no playing it safe

Don't need conversation
When your body moves
Ain't no contemplating
What we 'bout to do
Can't keep my hands off you bae
The way you throwin' it back
Don't need conversation
When your body moves
Oh baby

Woah
Don't need, don't need conversation
Don't need, don't need conversation
Woah
Don't need, don't need conversation
Don't need, don't need conversation
